Professional Summary

Aspiring Software Developer with a strong foundation in **Next.js(React.js), and C/C++**, coupled with analytical problem-solving skills. Passionate about building innovative web applications and optimizing performance. Quick learner, eager to adapt to new technologies and contribute effectively in a dynamic environment.

Technical Skills

- **Programming Languages:** C, C++, JavaScript, Python
- **Web Development:** MongoDB, React.js, Next.js, Tailwind CSS, HTML, CSS
- **Problem-Solving:** Data Structures, Algorithms, Competitive Coding (LeetCode, Code-Chef)
- **Tools & Technologies:** Git, REST APIs, GitHub Copilot, ChatGPT for Dev, Prompt Engineering

---

Education

B.Tech in Computer Science & Engineering
Rayat Bahara University, Mohali (Expected July 2026)
Current Semester: 7th | CGPA: 8.0

Diploma in Programming Languages
Mohali (2021–2022) | Grade: 80%

Senior Secondary (12th)
AKSIPS, Sector-41 (2020–2021) | Percentage: 74%

High School (10th)
National Public School, Karali (2018–2019) | Percentage: 84%

Projects

Myara Organics – [https://www.myaraorganics.com/] [Stack: Next.js, MongoDB, Node.js.]

- Built a full-stack e-commerce platform for organic products using Next.js and MongoDB, ensuring SEO-friendly architecture.
- Integrated secure payment gateways (Razor pay / Stripe) and a custom shopping cart with state management via Redux/Context API.

Image Nest – [https://nestimage.vercel.app/] [Stack: Next.js, React.js, CSS Modules.]

- Built a responsive image discovery platform using **Next.js** and **React.js**, featuring a masonry grid layout for optimal visual display.
- Implemented performant image rendering with lazy loading to ensure fast page loads and a smooth user experience.

Experience

Freelance Web Developer

- **Project: Myara Organics** Developed and deployed a responsive e-commerce platform, leveraging **AI-assisted workflows** (ChatGPT/Copilot) to accelerate development cycles.
- Managed **SEO optimization** and executed paid advertising campaigns via **Google Ads & Meta** to drive traffic.

Competitive Programmer

- Participated in competitive coding challenges on **LeetCode** and **Code Chef**, improving algorithmic skills.

Languages

- **Punjabi:** Native
- **Hindi:** Fluent
- **English:** Fluent (IELTS: 7)

Additional Information

- Open to **internship and full-time opportunities** in **web development, software engineering, and problem-solving roles**.
- Enthusiastic about **learning new technologies and contributing to open-source projects**.

Let's connect and build something amazing together!
